Agenda

15th September 2015

Anterior Lumbar Approaches and Spinal Osteotomies

Ipswich, UK (Evelyn Cadaveric Centre, Melbourn)

Stryker
Spine

Stryker

stryker

Overview

The Symposium is an interactive mix of clinical presentations and hands-on cadaver experience.

Expert faculty will provide pertinent information through a didactic session. This will include history, background, technique and expected results, as well as patient selection and workup.

This course will allow you to learn how to perform these innovative, minimally invasive procedures on cadavers during a hands-on laboratory session

Objective

This course will provide education and training in the safe and effective use of the following Stryker Products:

Oasys, Solis, Xia Anterior, Anchor L, VLIFT

Meeting Venue

The Evelyn Surgical Training Centre
(Cambridge Technology Centre)
Melbourn
Hertfordshire
SG8 6DP
