11:15-12:00 **Breakout Session**

12:00-12:45 **Breakout Session**

12:45-13:30 **Breakout Session**

Course close and certificates

Breakout Sessions

Instructional Interactive Practical Simulation Session 1:

Supracondylar Humerus wiring sawbones workshop. Wiring techniques, Instructional technique demonstration, tricks and tips, alternative treatment

Instructional Interactive Practical Simulation Session 2:

Ankle and proximal tibial physeal injuries sawbones workshop. Triplane injuries, Tillaux fractures, other physeal injuries, tricks and tips

Instructional Interactive Practical Simulation Session 3:

Distal femoral physeal fractures sawbones workshop. Wiring and screw fixation techniques. Advanced techniques. Case discussions, tricks and tips

Instructional Interactive Practical Simulation Session 4:

Femoral Elastic Stable Intramedullary Nailing clear sawbones workshop. Tricks and tips, alternative and advanced wiring techniques, case discussion

Instructional Interactive Practical Simulation Session 5:

Forearm Elastic Stable Intramedullary Nailing clear sawbones workshop. Entry point options, pitfalls, tricks and tips. Other elastic nailing techniques for the upper limb

Instructional Interactive Practical Simulation Session 6:

Lateral entry nailing for adolescent femoral fractures (Pedi nail) clear sawbones workshop. Tricks and tips, case discussion, indications

Instructional Interactive Practical Simulation Session 7:

Hip Spica application technique with toddler model, table and positioning, pitfalls, tricks and tips. Pavlik Harness application for infant femoral fractures, case discussions.

Instructional Interactive Practical Simulation Session 8:

Ponseti casting for CTEV with deformity models. Boots and Bar application. Tricks and tips, case discussion of relapse and recalcitrant deformities.

Instructional Interactive Practical Simulation Session 9:

SCFE percutaneous pinning simulation model. Radiologically assisted custom made model of a moderate slip (note lead protection will be required for this session). Tricks and tips, pitfalls, options for severe slips.
