

Cadaveric Spinal Approaches Teaching

UEA Cadaveric Lab, Anatomy Dept

Queens Building NR4 7TJ

2-5pm, Monday 1st April 2019

Free, limited spaces

RSVP: aldurst@eoeortho.com

Candidates will do their own approaches with spinal instrumentation

***Sue O'Connor & Paul Dansie from the UEA Anatomy Department
together with Nick Steele, Robert Crawford and EA Regional Spinal Surgical colleagues***

‘Course was really helpful and well organised. Great to get an opportunity to see how these operations are done and with the added exposure enabled by the use of cadavers. Thank you.’ (2017 Participant testimonial)
